

Consulting. Technology. Innovation.

M2P is a strategy- and management consultancy with its headquarter in Frankfurt am Main. During the past 20 years, we delivered more than 500 projects for our clients around the world in Aviation, Logistics and Transportation. With our holistic approach and view on processes, combined with innovative ideas and industry expertise, we deliver solutions and approaches throughout the entire project lifecycle. With the deep expertise, we are not just Consultants, rather trusted partners of our clients. We are always looking for people who want to become part of a dynamic team and with a fervor for digitalization, innovation and diversified projects.

Join the M2P team as a:

Business Analyst (m/f) Transportation

What you can expect

As a Business Analyst (m/f) in our Transportation unit, you will support our clients with the analysis of existing processes as well as the implementation of new solutions. In our dynamic team, you will actively make decisions and develop consulting strategies to maximize efficiency increases. You will formulate innovative business models, refine organizational structures and processes and will accompany the project through implementation on site.

What we expect

- Degree in economics, engineering, informatics or other relevant degree
- First experiences in Transportation, Rail or consulting
- Analytical and problem-solving skills
- Passion for digitalization, aviation and innovation
- Excellent communication skills and personality
- Self motivated team player
- Fluent in both German and English language
- Open for travelling

Do you want to become part of a dynamic and innovative Team?

We are looking forward to receive your application via E-Mail:
